## WELCOME TO BUDAPEST

Dear Colleagues & Friends,

It is our great pleasure to invite you to participate, and more importantly to contribute to the success of the *4<sup>th</sup> International Workshop on Lung Health Asthma and COPD. New Paradigms in preventing exacerbations in respiratory diseases* which will take place in the beautiful city of Budapest on 19-21 January, 2017.

Following very successful workshops in Monaco, Valencia and Monaco again, attended by over 500 participants and taking into account the requests of the participants themselves, in 2017 the Workshop will be dedicated to the **Asthma and COPD** and their impact on lung health. It will be focused on the challenge to prevent exacerbations in the different respiratory pathologies and, following the high request by participants to previous editions, it will include several incursions in side topics like Bronchiectasis, Cystic Fibrosis, Idiopathic Pulmonary Fibrosis, New devices for patients and Precision Medicine, to finish with NIV, Pulmonary Rehabilitation and Lung Transplantation.

This congress, organized by *AMR – Allergies et Maladies Respiratoires* and by *ILLH - International League on Lung Health*, two international sections of the AMPCM (*Association Monégasque pour le Perfectionnement des Connaissances des Médecins*), offers a great opportunity to discuss these topics with the best international experts and practitioners, as well as to contribute with your own experience. This congress is the perfect setting to get the most updated state of the art information on the latest developments in research and clinical practice in the field of lung health. It also gives you the opportunity to **debate on controversial issues, challenges, and solutions**, and to **bring your personal contribution** to the area.

For **young professionals** it is the perfect occasion to actively participate in the congress where you can discuss your research work with internationally renowned lung health professionals. And most importantly, it gives you a unique opportunity to bond and become part of the **global network** of the like-minded professionals and colleagues.

We will be therefore glad if you will choose to join us and share your knowledge with your colleagues in a friendly learning environment.

Yours Sincerely,

F. Blasi

G.W. Canonica

## GENERAL INFORMATION

### ADMISSION

The participant's name badge will be sent by mail. Do not forget to bring it with you. All participants are requested to wear their badge throughout the congress.

**Only badge holders will be admitted to the appropriate sessions, exhibition and social events (if applicable).**

### CERTIFICATE OF ATTENDANCE

The certificate of attendance will be downloadable from the website [www.lung-health.org](http://www.lung-health.org) using your personal credentials sent by e-mail, starting from 24 January 2017. Certificate of attendance could be delivered only to registered participants who attended the congress.

### EUROPEAN ACCREDITATION

Effective presence will be checked on site. Only participants attending the sessions can ask credits certificate.

The congress has been granted with **12 European CME credits (ECMEC)** by the European Accreditation Council for Continuing Medical Education (EACCME)

Following EBAP's evaluation, the CME activity of the 4<sup>th</sup> International Workshop on Lung Health has been accredited by EBAP for **12 European CME credits** covering the whole program

To obtain your certificate with the UEMS Credits please log-in on [www.lung-health.org](http://www.lung-health.org), using the credentials sent by e-mail, fill – in the questionnaires and receive your certificate.

Certificates will be available from **24 January** until **15 February**, 2017. After this date, UEMS Credits certificates will not be available anymore

**For Sponsored Groups:** Please note that to give access to the certificate of attendance and/or the CME credits certificate we will need the personal e-mail of each participant.

### LANGUAGE

The official language of the Congress is **English**. No simultaneous translation will be provided.

### AUDIO-VISUAL

Equipment for Power Point presentation is provided during the scientific sessions. Power Point presentations, CD-Rom or USB keys can be tested prior to presentation at the Speakers' Corner and must be handed over to the room technicians **at least forty minutes before the beginning of the sessions**. It is essential for the smooth running of the sessions that all Speakers hand in their presentation in due time.
