

Why do you have to validate your ticket and your season ticket?

Validating your ticket helps counts the number of passengers on network lines. This information helps Lignes d'Azur adapt times and frequencies of all lines continuously better to meet passenger needs.

What is the role of Lignes d'Azur security inspectors?

G.S.C.T. (Transport security inspection group) staff members can be found throughout the Lignes d'Azur network to ensure the safety of passengers and operators. They are connected to the Central Control Station (PCC) that contacts the appropriate authorities in the event of an incident on a line such as:

- a passenger falling ill aboard a bus or tram
- an altercation
- an accident, etc.

These staff members ensure compliance with transport regulations and check that tickets are valid. Official inspectors are authorised to issue a fine to passengers without a valid ticket.

Fines applicable throughout France are set by official decree and are updated each year in a notification in the Official Journal.

The rules for paying fines are displayed in all buses and trams. Prevention and civility campaigns are run each year to help passengers adopt the right attitude when using public transport.

What you need to know about paying fines:

Individuals without a valid address in France are required to pay the fine on site (in cash or by bank card).

Individuals who can prove they have a valid address in France may also pay the fine on site. Deferred payments must be paid at the Bureau des Infractions located at 25 route de Turin, Nice (06300) or via the Internet at www.lignesdazur.com ("practical info" section).

Deferred payment includes a management fee.

(At 1 January 2015 the fine for an invalid ticket amounted to **€34.50**. The fine for not having any ticket amounted to **€51.50**. Management fees for deferred payment amounted to **€38 (which raises the fine for an invalid ticket to €72.50 and the fine for not having any ticket to €89.50**. Updated rates can be read at our website www.lignesdazur.com.)

MÉTROPOLE
NICE CÔTE D'AZUR

MÉTROPOLE
NICE CÔTE D'AZUR

1. Select and purchase the right ticket for your trip

SOLO 1 trip > €1.50 available on buses and at tramway stops

MULTI 10 trips > €10 available in agencies and Infobuses and at tramway stops

1-day PASS > €5 available on buses and at Infobuses and tramway stops

7-day PASS > €15 available in agencies and Infobuses and at tramway stops

AERO one-way > €6 available at tramway stops, on board line 98 & 99 buses and at Nice Côte d'Azur airport.

TICKET AZUR > €1.50 available in Lignes d'Azur sales agencies

2. Validate your ticket every time you get on board

You must validate your ticket every time you enter a bus or tram to travel legally.

You must also do this when changing bus or tram.

Bus and tram journeys for children under the age of four are free. Two children under the age of ten can also travel using a single SOLO ticket.

3. It's easy

To validate your ticket

Just introduce your ticket in the machine in the direction shown by the arrow.

BEEP x 1 + = my ticket is valid

BEEP x 4 + = my ticket is invalid

↳ Read the reason why your ticket is invalid and reinsert it or insert your card again.

Useful tips

- Save time by giving the bus driver the exact change when buying a ticket.
- Automatic vending machines accept cash (no notes) and major bank cards.

Useful tips

- Lignes d'Azur authorised sales outlets also sell tickets. Find the list of authorised sales outlets at www.lignesdazur.com

Useful tips

- Folded or bent tickets cannot be exchanged.
- Validation is mandatory including for season ticket holders.
