6th INTERNATIONAL WORKSHOP ON LUNG HEALTH

New approaches to respiratory diseases

NICE 17–19 January 2019

www.lung-health.org

Welcome to the 6th Workshop on Lung Health

Dear Colleagues & Friends,

The International Workshop on Lung Health has been defined by one of the participants as a “**medium sized conference focused on small groups learning with real interaction with the World Experts at close proximity**”.

Every year focused on the “hot topic(s)” of the moment, chosen following the attendees’ suggestions, the Workshop is the perfect environment to **get updates, acquire new knowledge, learn new approaches and discover new insights immediately applicable in daily clinical practice**. The format is targeted for Specialists in Respiratory Medicine, Allergology, Immunology and Internal Medicine, but also other specialists as well as trained nurses can benefit from the active learning structure of the workshop.

Every personal experience is enriched by the exchange between generations, different cultures, clinical approaches and various national health systems, and some of the valuable relationships occurred during the conference last over years.

The “theme” of the sixth edition is broad: “**New approaches to respiratory diseases**” so to embrace a whole series of pathologies, even some minor ones, of interest for the audience. **Asthma and COPD** will remain central within the programme with incursions in pathologies like **Pulmonary Hypertension, Cystic Fibrosis, Bronchiectasis, NTM, Interstitial Lung Diseases** and a session dedicated to **Respiratory Infections** to make a point where we stand between threats and opportunities. A session will be also dedicated to the recrudescence of **Tuberculosis** in the Western World. The congress programme is completed with discussions on new therapies like **biological drugs** and **triple therapy**.

Interactivity is assured through **debates** and **cases discussions**.

Experience and knowledge are exploited in an international environment helping the young generation take off: initiatives as the “**Rising Stars**” and the “**Future Leaders’ Mentoring Programme**” help young **researchers and clinicians having a chance to boost their career**.

Daring wisely is the challenge of the workshop transforming itself and evolving with the progress of knowledge, practice and tools remaining always open to ideas, new approaches and challenging controversial discussions.

Yours Sincerely,

F. Blasi

G.W. Canonica

S. Centanni

J. C. Virchow

T. Welte

Topics

Allergy
Alpha1-antitrypsin deficiency
Asthma Management
Biomarkers in Lung Health
Bronchiectasis
COPD Management
Cystic Fibrosis
Exacerbations prevention and management
IPF – Idiopathic Pulmonary Fibrosis
Imaging and other Diagnostic Tools in Respiratory Medicine
Immunotherapy
Interstitial Lung Diseases
New Drugs
NTM – Non Tuberculous Mycobacteria
Personalised Medicine
Precision Medicine
Pulmonary Hypertention
Rare Diseases
Respiratory Infections
Tuberculosis
Severe Asthma

Specialties

The congress programme has been designed to fulfill the educational and updating needs of professionals operating in the following specialties:

- Allergology
- Immunology
- Internal Medicine
- Otolaryngology
- Pneumology
- Paediatrics
- Radiology

Scientific Programme – Thursday, 17 January 2019

13.00 – 14:00 **FUTURE LEADERS MENTORING: WARMING UP**
BIOT ROOM – 1ST FLOOR

Chairs: S. Aliberti (Italy), Paolo Spagnolo (Italy)

Session dedicated to a preselected group of Interns in Respiratory Medicine.

With the support of the National Respiratory Associations supporting and endorsing the congress, a small group of Resident in Respiratory Medicine have been selected to attend this congress. The aim of the tutoring programme is to improve how to identify the right “take home messages” when attending a conference. This group, split in two, will be followed by the two chairs, during the whole congress, they will coordinate the activities assigned to each of them, which will be presented in the last session.

14.00 – 15:00 **RISING STAR SESSION**

Chairs: F. Blasi, G.W. Canonica, S. Centanni, J.C. Virchow

14.00-14.15

Differences in Tobacco smoke associated and Biomass fuel associated Chronic Obstructive Pulmonary disease (COPD) – A unique disease of the Indian Subcontinent
Arjun Khanna (India)

14.30 -14.45

The IL-17s/IL-17Rs axis in airway defense and immunopathology during chronic respiratory disease associated to Pseudomonas aeruginosa infections
Nicola Lorè (Italy)

Each lecture will be followed by 10' question time and 5' of comments and advices by the Chairmen.

15.00-15.40 **OPENING LECTURE**

Chair: J.C. Virchow (Germany)

15.00-15.30

Innate and adaptive immunity in respiratory diseases
Giorgio Walter Canonica (Italy)

15.30-15.40

Discussion

6th

INTERNATIONAL WORKSHOP ON LUNG HEALTH

New approaches to respiratory diseases

NICE 17–19 January 2019

CONGRESS GENERAL INFORMATION

ADMISSION

The participant's name badge will be provided at the registration desk. All participants are requested to wear the badge throughout the congress. Only badge holders will be admitted to the appropriate sessions, exhibition and social events.

PRESENCE CONTROL

Effective attendance is checked through badge scanning when going in and coming out of the room.

CERTIFICATE OF ATTENDANCE

The certificate of attendance will be downloadable from the website www.lung-health.org using the personal log-in credentials sent by e-mail, starting from 22 January 2019.

Important note: Certificate of attendance as well as other certificates would be delivered only to registered participants who attend at least 6 hours of congress sessions.

For Sponsored Groups: Please note that in order to send the certificate of attendance to each participant, we will need the personal e-mail.

CME ACCREDITATION

The 6th International Workshop on Lung Health has been accredited by the **European Accreditation Council for Continuing Medical Education (EACCME®)** with **15 European CME credits (ECMEC®s)**.

Following EBAP's evaluation, the CME activity of the 6th International Workshop on Lung Health has been **accredited by EBAP for 15 European CME credits covering the whole program.**

To obtain your certificate please log in with your personal log-in credentials sent by mail on the website www.lung-health.org, and complete the questionnaire. Credits' certificates will be available from January 22nd to February 12th, 2019. After this date they will not be available anymore.

LANGUAGE

The official language of the Congress is English. No simultaneous translation will be provided.

SECRETARIAT

The secretariat desk will open on Thursday, January 17 starting from 12.30, and stay open throughout the Congress

INSURANCE

The Congress organizers cannot accept liability for personal injuries sustained, or for loss or damage to property belonging to Congress participants, either during or as a result of the Congress. Registration does not include insurance. It is strongly recommended that you take an insurance policy of your choice as you register for the Congress and book your travel.
